# Freshman, WELCOME.

Many of you are now facing something brand new. A new place to live, a new school, new everyday life. You might not know anyone. You are allowed to be excited and even maybe a bit scared. No need to worry at all however, you are soon to be part of one of the best student communities in entire Finland (maybe in the entire world, who knows!)

It has been now three years, when I was in a situation similar to yours. I had spent entire summer working abroad, and I came back to Finland only three days before the beginning of the freshmen weeks. While working, I did not have really time to be scared, but on the weekend when I packed my bags and finally moved to my shared flat on Väinöläkatu, it really hit me, that I was beginning a whole new chapter in my life. All possible negative feeling disappeared completely by the first night, when we were spending time as a group and everyone was really nice. During the first fall it did become quite clear, that I was in the right place.

When the new year starts, I highly recommend being open-minded and take all the chances offered! It is not said in vain that university years are the best time of one's life; enjoy them fully!

The idea of this magazine is meant to be the first touch to the world of Enklaavi. You will meet this autumn's tutors, the board of Enklaavi and learn maybe a bit about Lappeenranta. I hope this can bring something new to everyone!

CONRATULATIONS!

# GREETINGS FROM CHAIRMAN

*A huge congratulations on your new place of study!*

My name is Ida Mattila, I started my studies in 2019 so I'm starting my fourth school year this autumn and I'm also acting as the chairperson of Enklaavi 2022. Enklaavi is the student association for business students at LUT University and our purpose is to serve the interests of students and organize all sorts of common activities. Therefore I want to welcome each and everyone of you into our neon yellow community <3

Now begins a new phase in your life. Starting this spring with a new school, a new city and for some, a new country. You might be asking yourself a plethora of questions: Where do I sign up for my classes? Where can I find class 2310, how about the Exam rooms? Don't worry, your tutors will brief you on all things LUT! During the upcoming school year you will get to experience much more than studygroups and exams if you actively participate in everything you possible can and remember to keep an open mind. Get to know your fellow peers and make the most of your time here at LUT! During the orientation weeks you will most likely here about Skinnarilan henki, the spirit of Skinnarila. At its core this is the welcoming and accepting atmosphere we have at LUT. A friend, a stranger or something in-between, we help each other no matter the situation.

See you during orientation!

GREETINGS,  
IDA MATTILA  
CHAIRMAN

# Greetings from vice-chairman

Hi you Enklaavi's freshman!

I am Olivia Valorinta and I am starting my fourth year in LUT. I am Enklaavi's vice chair this year. My responsibilities include cooperating with our stakeholders as well as Enklaavi's masterstudents.

First of all, congratulations to everyone starting their studies here in LUT! Your first year in Lappeenranta is about to start and I hope you feel excited already. I advice you to be active and participate to everything that interests you. I remember a couple years back when I came to Lappeenranta I knew nobody and I was sure I will never find friends or will never want to join any LUT's or Enklaavis activities. Now, after three years of studies in Lappeenranta, I can prove those thoughts wrong. Just be open-minded and active in participating student events <3

As I said, my responsibilities include our master's students. Please join Master Freshmen of 2022 - Enklaavi Facebook group to get information of events, freshmen weeks etc. If you have any questions, don't hesitate to contact me (vpj@enklaavi.fi) or come to talk to me at school or events!!

I am excited to meet you and can't wait for the freshmen weeks! Welcome to Enklaavi, see you soon<3

*- Olivia Valorinta  
Vice-chairman 2022*

# ***Congratulations for being admitted to LUT - You are now one of us!***

This autumn brings a change for you. You may be moving to a city that you have never visited before and maybe you know no one who lives here. Lappeenranta isn't Paris, everyone knows that, but I would argue that people is the thing that make a place that feel like home. We offer many ways to meet new people and make friends and I encourage every one of you to participate everything that our freshmen weeks have to offer. LUT has a vibrant student culture and there is everything for everybody. You can participate in organizing events, singing at a choir and just partying with your fellow students. During freshmen weeks, many organizations will tell themselves.

To us business students, most important organizations are Enklaavi, NESU, LTKY and of course Suomen Ekonomit, which student contact person I am. The most important function of Ekonomit is that we will take care of that things go well in business students' professional life, both during studies and after graduation. In practice this means that we have different events from resume workshops to wine tastings, and everything in-between.

I am active participant of student life at our Skinnarila campus, so I'm pretty sure that we will meet multiple times during next fall. Have a good summer and we will see at freshmen weeks!
