

Welcome to TEK!

M. Sc. Saku Laapio

TEK is here to help you

“How do I look for a job in Finland?”

“What should a job application be like?”

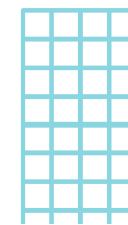

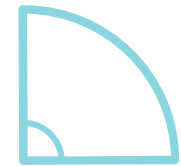

“How do I know how much I should be paid?”

“What if something goes wrong while I am working?”

“What should there be/not be in a working contract?”

“How do I become more employable?”

“What happens if I get fired or need to leave my job?”

Who are TEK?

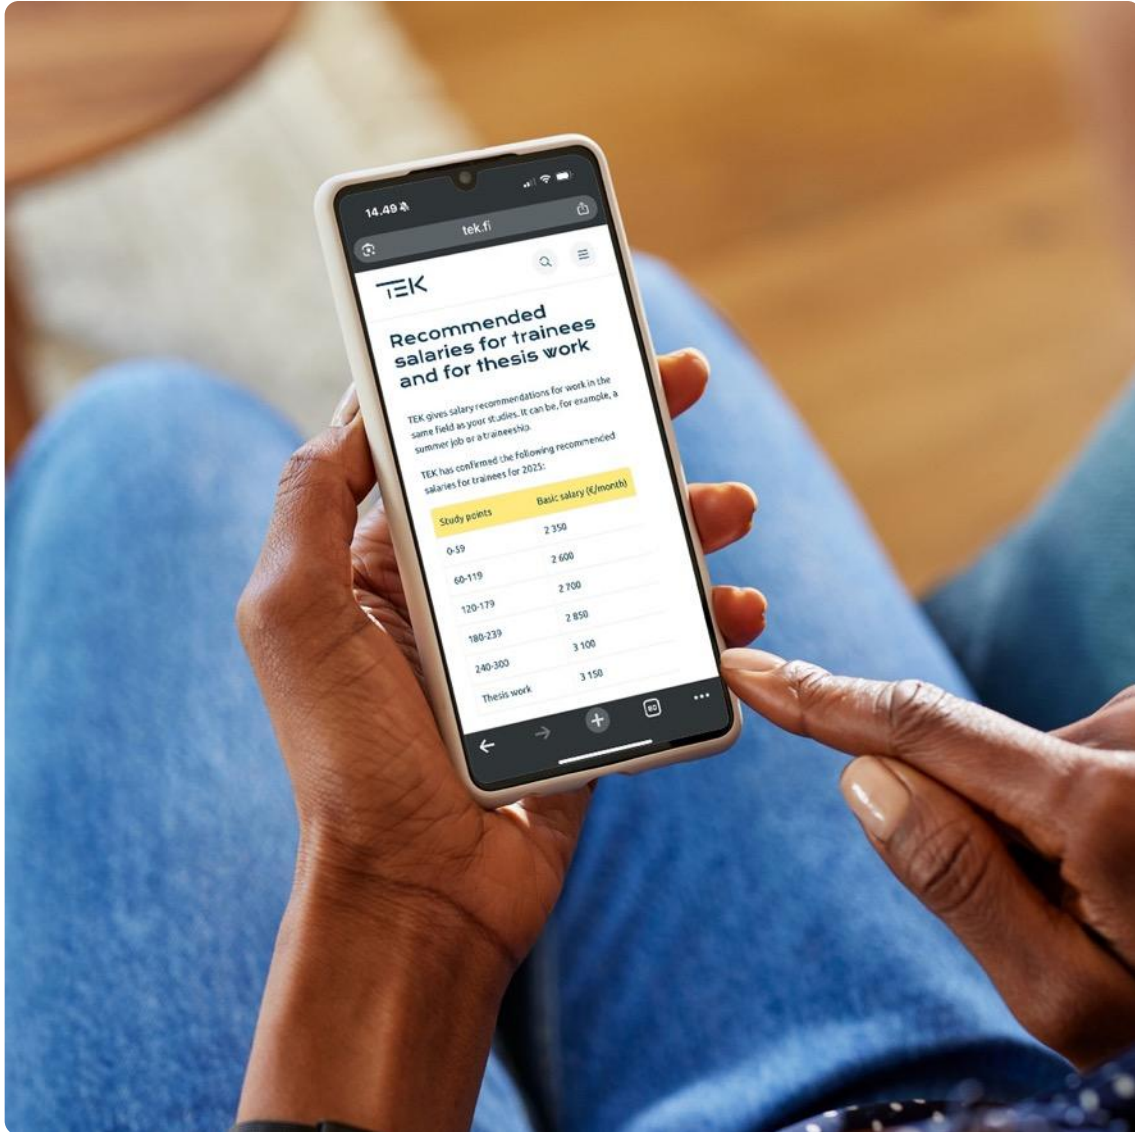

- TEK is the trade union for academic engineers and architects in Finland
 - Also e.g. maths, physics and IT-specialists
- Around 80,000 members
 - **Over 30 % student members!**
- Protect the interests of our members
- Range of benefits and services

About trade unions

- Joining a trade union is optional
- Over half of all Finnish employees are part of a trade union
- Trade unions protect the working rights of employees in Finland
- **Joining a trade union is a normal and recommended part of working life in Finland.**
