WHY STUDY LANGUAGES AND COMMUNICATION?

- Japanese, French, German, Spanish and Chinese are all highly valued in **global business**.
- If you plan to **stay in Finland**, learning Finnish is key.
- Knowing more than one or two languages is an asset that can help you **get ahead** at work.
- Good language and **communication skills** are in high demand in many fields, and now even more so with the rise of generative AI tools.
- Learning languages helps develop your **cognitive abilities** and **build confidence**.
- Studying languages can help you find **new friends**.
